

Summer Jewelry

Vacation time usually suggests the acquirement of some piece of jewelry to complete the summer outfit.

For a Woman—A Hat Pin, set with a jewel to match the color of her new bonnet. Or perhaps a pair of Cuff Buttons, with initials engraved on them.

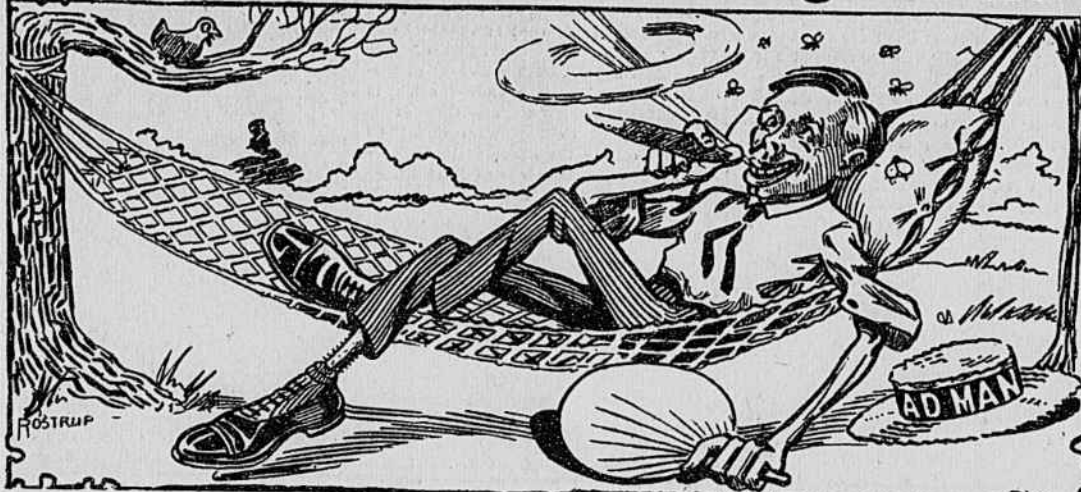

For a Man—A Fob, with gold buckle and seal. Or a Scarf Pin engraved with his monogram or crest.

In our stock of Summer Jewelry we show all the above articles and many hundreds of others suitable for this season.

PRIZE WINNERS—Ad. Writing Contest

Nearly three thousand separate advertisements were received in reply to the Ad. Man's call for help through the medium of this paper in last Sunday's Times-Dispatch. They came from—in town and out-of-town—all over Virginia and adjoining states and the demonstration of the pulling power of The Times-Dispatch is a most striking feature of this interesting contest. The smallest number of replies was 92. The names and addresses of the prize-winners, also the name of the firm for whom the advertisement was written, follows:
